2 x 2 bed houses

2 x 2 bed bungalows

Shared Ownership

A small development of much needed affordable housing in a rural area; the development also includes 10 Signature homes for outright sale.

The houses and apartments are built to Code for Sustainable Homes level 3 and provide modern, energy efficient new homes.

The variety of tenure gives local residents an opportunity to get onto the property ladder or move to properties that meet their changing family needs, while remaining within their existing community.

The development started on site in March 2015, all dwellings handed over in August 2016.
